ALERT

It has come to our attention that in some cases overtime has not been paid correctly. The error that is occurring is the employees are being paid at the incorrect overtime rate of GS10, step 1.

This error may have occurred if you worked overtime **during the pay periods ending May 22, 1999 and/or June 5, 1999.**

If you worked overtime during those pay periods, and your pay grade is GS-9, Step 5 or above, then you should examine your pay record to ensure that you were reimbursed at the rate of one and one-half times your actual pay rate. If you find an error, contact your local management, and inform your Union representative of the actions you have taken.

You should always examine your pay slip immediately upon receipt.

ANOTHER ALERT

Please do take heed and do not query any SSA records for yourself, your family and your friends. Management is serious is applying the sanctions. If you need this information on yourself or a family member, have a member of management obtain this information for you.

It is very difficult to defend these actions. If you are approached by management immediately contact your office rep. to attend the interview with you. If he/she is not available, call Ylita R. Edd your President, or Robert R. Smith your Executive Vice President for assistance. Do not go into these interviews alone.

If you have any changes of address please notify the Secretary/Treasurer so that you will continue to receive your AFGE mail.
